Kathy Huff

– LPN –

Hickory Creek at Huntington

Hickory Creek at Huntington is proud to announce that Kathy Huff is our Quest for Excellence winner for 2022! As an LPN, Kathy has been at Hickory Creek at Huntington for over a year. She has been nominated for this award for her excellent overall performance as a nurse and friend in general. She has absolutely set the bar high for the building as what a nurse and caretaker should be. Her heart is always with the residents and the care that's needed for them. She is always someone that staff can count on to be present and be the first one to check out an issue.

Kathy is an LPN at our community, but she has done everything from housekeeping to doing a resident's personal laundry to keep them happy and do what's best for them. She comes in on days off to work and help out with staffing issues when needed. Holly, DNS, states, "Kathy is one of the best team members I have had the pleasure of working with. She gets mad when I try and help her too much while on the floor and that is dedication and true leadership!"

Kathy has been happily married for three years and has children. She has been blessed with a beautiful one-year-old granddaughter that she loves to love on. She likes to go camping on weekends with her husband and go to festivals with friends. Kathy states that she is "honored and privileged to be part of this team and be a leader in this community and facility. Winning this award means a lot to me."
