

## Tori Blair

– CNA –

*Rosewalk*

Tori Blair, Certified Nursing Assistant at Rosewalk Village, has been in nursing for over 20 years. She brings a wealth of experience, love and care to the residents and her team members. She was first introduced to long-term care by her mother and this ignited her passion at an early age to become a CNA.

Tori embodies what it means to be a Quest for Excellence winner as she comes in to work every day ready to learn and grow in her profession. She is a team leader and treats the residents like her family.

Tori brings exceptional care to our residents and always makes time to go the extra mile. As stated by Rosewalk's Executive Director Omar Johnson, "I am grateful for the opportunity to help lead and guide her towards her journey of higher learning and career development. Congratulations Tori, your Rosewalk Village team is very proud of you."
