

Deborah Smallback

— LPN —

Summit City Nursing & Rehabilitation

Deb Smallback has served Summit City Nursing and Rehabilitation for more than 13 years. She has dedicated herself to the staff and above all, our residents. Bringing over 33 years of nursing experience to our community, she shares the knowledge of compassion and delivers quality care to all that she encounters. Deb is loyal, persistent and loving to each and every resident we care for.

Deb tells the team members at Summit City, “Until you work with the senior population, you will never experience the joy that I have had in my 30 years as a nurse and the last 13 with Summit City.”

On top of caring for our residents, Deb is a mother of three, has 10 grandchildren and one great granddaughter. Deb dedicates herself to serving and being an active role model for her family and Summit City.
