

## Darlene Evans

— LPN —

### *Coventry Meadows Assisted Living*

Darlene Evans, LPN at Coventry Meadows Assisted Living, serves the residents on our Memory Care unit. She works every day to ensure all her residents feel loved and well taken care of. She stated, "I feel like they are our family and for some we are all they have."

One of Darlene's co-workers said about her, "Darlene is an amazing friend. Her endless care and compassion have inspired me to do better not only in life but also in my job career. The best thing about Darlene is she never changes; her love and care are endless."

When told about receiving this award, Darlene stated, "It's nice to be recognized for something that I just love to do anyway."

Darlene's supervisor, Director of Nursing Rachel Abbott states, "Darlene is such a compassionate nurse, it's easy to see that when she is with her residents. There is nothing Darlene would not do to make them feel safe and loved." We are so thankful to have you on the Coventry Meadows Assisted Living team!
