## **Indiana State Department of Health Awards Local Community A Deficiency-Free Rating**

**Terre Haute, IN** — The Commons at Honey Creek has received a deficiency-free annual state inspection. A perfect, deficiency-free rating is the best state survey score a senior care community can receive, a stellar achievement seldom accomplished.

Operated by American Senior Communities at 1450 E. Crossing Boulevard in Terre Haute, this assisted living community offers assisted living apartments, memory apartments, respite care and outpatient therapy. The Indiana State Department of Health inspects such communities to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of the community.

Compassion, Accountability, Relationships and Excellence are the core values for American Senior Communities. “These words not only form the acronym C.A.R.E., but they are also guiding principles that lead us every day as we serve a very special generation,” said ASC’s CEO, Donna Kelsey. “We are so proud of and grateful to our team at The Commons at Honey Creek for living out these values in an exceptional way,” Kelsey said. “Without this team’s high level of dedication and commitment, a deficiency-free survey would not be possible.”
