Indiana State Department of Health Awards Local Community A Deficiency-Free Rating

Indianapolis, IN — Rosegate Assisted Living has received a deficiency-free annual state inspection. A perfect, deficiency-free rating is the best state survey score a senior care community can receive, a stellar achievement seldom accomplished.

Operated by American Senior Communities at 7525 Rosegate Drive in Indianapolis, this assisted living community offers assisted living apartments, garden homes, respite care and outpatient therapy. The Indiana State Department of Health inspects such communities to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of the community.

Compassion, Accountability, Relationships and Excellence are the core values for American Senior Communities. “These words not only form the acronym C.A.R.E., but they are also guiding principles that lead us every day as we serve a very special generation,” said ASC’s CEO, Donna Kelsey. “Our incredible team at Rosegate Assisted Living demonstrates these values in an exceptional way,” Kelsey said. “Their high level of dedication and commitment is what makes achieving this remarkable accomplishment possible.”
