Indiana State Department of Health Awards Local Community A Deficiency-Free Rating

Lafayette, IN — Aster Place, a senior healthcare community, has received a deficiency-free annual state inspection. A perfect, deficiency-free rating is the best state survey score a senior care community can receive, a stellar achievement seldom accomplished.

Operated by American Senior Communities at 741 Park East Boulevard in Lafayette, Aster Place offers garden homes, independent living apartments, assisted living apartments, memory care apartments, New Energy Wellness and respite care. The Indiana State Department of Health inspects such communities to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of the community.

Compassion, Accountability, Relationships and Excellence are the core values for American Senior Communities. “These words not only form the acronym C.A.R.E., but they are also guiding principles that lead us every day as we serve a very special generation,” said ASC’s CEO, Steve Van Camp. “We are so proud of and grateful to our team at Aster Place for living out these values in an exceptional way,” Van Camp said. “Without this team’s high level of dedication and commitment, a deficiency-free survey would not be possible.”
