Indiana State Department of Health Awards Local Communities A Deficiency-Free Rating

Indianapolis, IN — Senior communities Beech Grove Meadows Assisted Living and Bethany Village Assisted Living have received a deficiency-free annual state inspection. A perfect, deficiency-free rating is the best state survey score a senior community can receive, a stellar achievement seldom accomplished. Both communities are operated by American Senior Communities.

Beech Grove Meadows, at 2002 Albany Street in Beech Grove, offers garden homes, assisted living apartments, outpatient therapy and respite care. Earlier this year, Beech Grove Meadows healthcare center also received a deficiency-free survey.

Bethany Village Assisted Living, at 3530 S. Shelby Street in Indianapolis, offers assisted living apartments, respite care and outpatient therapy.

The Indiana State Department of Health inspects such communities to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of the community.

Compassion, Accountability, Relationships and Excellence are the core values for American Senior Communities. “Our CARE values serve as the guiding principles that lead us every day as we serve our residents, families and employees,” said ASC’s CEO, Steve Van Camp. “We are incredibly proud of our teams at Beech Grove Meadows and Bethany Village Assisted Living for demonstrating these values in an exceptional way,” Van Camp said. “An honor like a deficiency-free survey is only possible when a team is highly aligned in their level of dedication and commitment.”
