FOR IMMEDIATE RELEASE

Coventry Meadows Assisted Living Hosts Dementia Training for First Responders

FORT WAYNE, IN – Coventry Meadows Assisted Living has been hosting virtual dementia response training sessions for Allen County first responders over several sessions in June and July from 8 am to 4 pm. Media is invited to their last training session on Tuesday, July 11, 2023.

The Allen County Sheriff's Department requires all field officers to receive annual dementia response training. The department recently mandated training due to an influx of Silver Alerts and elopement risks among those living in the community. Partnering with Coventry Meadows Assisted Living provides first responders with more in-depth learning about dementia, and enables them to receive additional, critical education on elopement and communications tactics when assisting those with dementia or related illnesses.

Please contact Adam Griffith, Allen County Public Information Officer for additional information about this training. He can be reached at 260-466-6529.

Coventry Meadows Assisted Living is located at 7833 W. Jefferson Street in Fort Wayne.
