Indiana State Department of Health Awards Local Community A Deficiency-Free Rating

Fishers, IN — Allisonville Meadows Assisted Living has received a deficiency-free annual state inspection. A perfect, deficiency-free rating is the best state survey score a senior care community can receive, a stellar achievement seldom accomplished.

Operated by American Senior Communities at 10410 Allisonville Road in Fishers, this senior care community offers assisted living apartments, memory care and respite care along with outpatient therapy. The Indiana State Department of Health inspects such communities to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of the community.

Compassion, Accountability, Relationships and Excellence are the core values for American Senior Communities. “These values serve as the guiding principles that lead us every day as we serve our residents, families and employees,” said ASC’s CEO, Steve Van Camp. “We are incredibly proud of our team at Allisonville Meadows Assisted Living for demonstrating these values in an exceptional way,” Van Camp said. “An honor like a deficiency-free survey is only possible when a team is highly aligned in their level of dedication and commitment.”
