Indiana State Dept. of Health Awards Local Senior Community a 100% Perfect Survey

Connersville, IN – Hickory Creek at Connersville, located at 2600 N. Grand Avenue, has received a deficiency-free annual state inspection from the Indiana State Department of Health. A member of American Senior Communities and Indiana owned and managed, Hickory Creek at Connersville provides Short-Term Rehabilitation, Long-Term Care, Respite Care, and Hospice Care to their residents.

A deficiency-free rating is the highest score a senior community can receive on annual surveys conducted by the Indiana State Department of Health, and only a small percentage of communities receive this distinction in any given year. Metrics include cleanliness, staffing ratio, and quality of care. This rating signifies 100% compliance with state and federal regulations. This community was also recognized earlier this year with a Silver Award presented by the American Health Care Association and the National Center for Assisted Living.

American Senior Communities CEO, Steve Van Camp said, “A 100%, perfect survey is only possible through teamwork and dedication. The staff at Hickory Creek at Connersville are a living example of the core values we embrace at ASC. We are extremely proud of this achievement and their consistent level of excellent care for their residents.”

About Hickory Creek at Connersville: Hickory Creek at Connersville serves Connersville, IN seniors through care options including Short-Term Rehabilitation, Long-Term Care, Respite Care, and Hospice Care. Our mission is to compassionately serve each resident with the highest standard of quality and excellence. For more, visit ASCCare.com/HCCN
